

Part # 60071  
2011-UP Ford Explorer  
3.5L V-6 2/AWD

Please direct all installation questions to CGS @ (909)902-0102.  
DO NOT call the retailer in which you purchased your CGS system.

## CGS Installation Instructions

Thank you for choosing a CGS Air Intake System™ to power your vehicle. These instructions will take you through the installation of your new Air Intake System.

### Kit includes:

Qty.	Description	Part #
1	Headpipe 01	300-1103
1	Headpipe 02	300-1104
1	Y - Pipe	300-1105
1	Pass Tail Pipe	300-1106
6	2.5" clamps	
1	Pass Muffler Assy.	300-1107
1	Driver Muffler Assy.	300-1108

### 1) Remove stock Air Intake

First start by removing the stock exhaust system. You will need to start by cutting the factory headpipe. Measure back 3" from the stock resonator and mark the pipe and then cut it. Now you are ready to remove the rest of the stock system. Its best if you lube all the rubber hangers, we suggest using WD40. Slide the factory hangers out of the rubber hangers, be sure that you leave the rubber hangers in place. You will reuse the rubber hangers.

### 2) Installing your CGS Air Intake System

Now that the stock system is removed you can proceed to install your new CGS system. First start by sliding Headpipe 01 on and then you will side the Headpipe 02 on to the 01. Now comes the tricky part, the Y-Pipe. Install with the long side pointed towards the drivers side and the welded on portion pointed toward the passengers side. Proceed to install the Passenger tail pipe into the welded on section of the Y-Pipe. Last you will install the Passenger and Driver muffler assemblies. Last you wil need to be sure your system is positioned and lined up correctly, install clamps at all connections and tighten.

### 3) Final checklist

Once completed, check to make sure all the clamps and bolts have been securely fastened. That's it, a simple install with a lot of results. **Congratulations!** You just installed more horsepower to your SUV by allowing it to breathe easier with a CGS Exhaust System™.

*Thank you again and enjoy your new CGS Exhaust System™.*

**Don't forget to ask your local CGS Dealer about a CGS Air intake System for your Ford Explorer**
